In **SPIN or BIN**, Dilemaradio listeners get the chance to give their opinion on the latest releases. This time it was 'SKYTZMATIC - WORLD / ENDLESS'. We've got a hit, because the listeners have spinned it! 🥳

Skytzmatic is an independent emcee holding it down for the West Coast. He serves up cold boom bap beats with heavy social commentary.

The Long Beach artist is a U.S. Air Force veteran, and that sharp military discipline shows up plain as day in his raw lyricism. His latest drop, World / Endless, acts as a dark two-movement suite that builds an intense dystopian setting. The song jumps right out at you with a heavy spoken word intro. It cuts through the noise with zero gimmicks, skipping the radio hooks completely to focus on pure, unfiltered bars. He is creating music for listeners who respect substance over chasing quick internet trends.

This track gives you a look at a real catalog artist back on his grind. Listen above and cast your vote.
